

# SCRAMBLED ALLEYN I

by Mark Lagasse

New Zealand author Ngaio Marsh enjoyed great success by chronicling the adventures of her aristocratic sleuth, Superintendent Roderick Alleyn. Just as Alleyn never failed to untangle his mysteries, we're asking you to untangle the names of some books in which he appeared. Simply unscramble the letters of each numbered entry to spell the American title of an early Alleyn novel (some later ones will appear in the next issue's puzzle). For example, LAUNCHING THAT VET would be *Night at the Vulcan*.
